

# Measuring Stick

EYFS Area: **Mathematics**

Learning Goal: **Shape, Space and Measures**

Did you know?

1. **Stack** ten LEGO blocks on top of each other, and find three objects of different sizes.

2. **Explain** to your child that this is your measuring stick and ask your child to 'measure' its size in numbers of bricks. Count the bricks together.

3. **Place** the first object next to the stick and ask your child to 'measure' its size in numbers of bricks. Count the bricks together.

4. **Repeat** this with the other objects and discuss the largest and smallest objects.
